Re: **Board of Education Proposed Co-location of John B. Drake Elementary School with Urban Prep Academy for Young Men - Bronzeville**

Dear Administrators, Faculty, Staff, Local School Council Members, and Board Members:

As Chief Executive Officer of the Chicago Public Schools (CPS), I am committed to ensuring that every child in every neighborhood receives a high-quality education that prepares them to succeed in college, career, and life. To do so, we must make certain that every child can attend a school that has the supports and resources needed to help every student flourish.

But right now, we have a school utilization crisis that is spreading our limited resources too thin. We are funding half-empty buildings that are costly to maintain and repair instead of using those funds to directly invest in our children's education. Combining schools will allow us to use more resources to ensure that every student in CPS attends a higher performing, 21st century school with updated amenities, more individual instruction, and the programs they need to compete and succeed.

From investments in early childhood education and a full school day to ensuring there are strong principals and teachers in our schools, we are working each and every day towards achieving that goal and doing everything we can to make sure Chicago's children will thrive and succeed. We believe it is in the best interest of students and the community to identify buildings that are underutilized and to improve the use of those facilities. One way to do this is to transform a single school facility into a shared facility by bringing one or more additional schools into the building.

Make no mistake, this will be hard. As a former teacher and a principal, I've lived through school actions. They are never easy, no matter where you are. But in my 40 years as an educator, I have never felt more certain that we need to take action now. If we do not take action, our children and their futures will pay the price for our delay.

I want to assure you that I have heard the concerns of parents, teachers, and school leaders and I have taken them to heart: I will never put our students' safety in jeopardy in our efforts to improve their education. As we work to improve our children's quality of education, we will also work to ensure they are supported and safe by coordinating and collaborating with city agencies such as the Chicago Police Department and the Department of Family and Support Services, as well as community and faith-based organizations.

With these principles in mind, and after a thoughtful, rigorous process in which we looked at each school and incorporated the feedback we received from more than 20,000 parents and community members, we are making multiple proposals today, including a recommendation to co-locate John B. Drake Elementary School

(Drake) with Urban Prep Academy for Young Men - Bronzeville (Urban Prep - Bronzeville). This option helps address CPS' current underutilization challenge, enables us to move forward in a more sound and sustainable financial state, and allows us to better serve all of our students, both current and future.

And please know that our work is still not complete. Your continued input will be critical in the weeks ahead. There will be two community meetings and one public hearing for your school noted in the proposal included below. I thank you for your continued feedback as we work to provide all Chicago Public School students with the high-quality education they deserve.

There are a series of supports that we will provide to ensure that every child has a safe and seamless transition. These include:

- A safety plan for all students and staff at both schools created in coordination with the Chicago Police Department and other community-based organizations;
- Social and emotional supports based on the specific needs of students at both schools;
- Supports for students with diverse learning needs;
- Supports for students in temporary living situations;
- Supports for English language learners; and
- Facility improvements to allow the successful operation of multiple schools in one facility.

A detailed proposal is outlined below. Please read it and carefully consider the supports we are offering to help children transition.

### **Our Proposal and Investments**

Our proposal is to co-locate Drake within the same CPS facility as Urban Prep - Bronzeville, located at 2710 S. Dearborn St. Another CPS proposal is to close Williams Multiplex Elementary School (Williams ES) and Williams Preparatory Academy Middle School (Williams Middle) and welcome returning students at Drake. If approved, Drake will operate in two facilities located at 2722 S. King Dr. and 2710 S. Dearborn St. and Urban Prep - Bronzeville will continue to operate at 2710 S. Dearborn St.

This proposal meets the criteria in the Chief Executive Officer's Guidelines for School Actions because the combined projected student enrollment is within the facility's enrollment efficiency range, as defined by the CPS Space Utilization Standards, and the facility can support the academic programming of both schools.

The draft transition plan, which you were provided with this letter, outlines investments that will support a smooth and safe transition for all students and staff.

### **Details for Current Students**

If the Board approves this proposal, it will not affect the enrollment of students who are currently attending or eligible to attend Drake or Urban Prep - Bronzeville. If approved, a number of Drake students will report to school at 2710 S. Dearborn St. next school year instead of the current location.

### **Details for Administrators, Faculty and Staff Members of Both Schools**

This proposal will have no direct impact on the employment status of administrators, faculty, or staff at either school. Further, this proposal will have no impact on the powers of the Drake Local School Council.
