

## Providing A Better Education For All Students

### ***Dumas Technology Academy and Wadsworth Elementary***

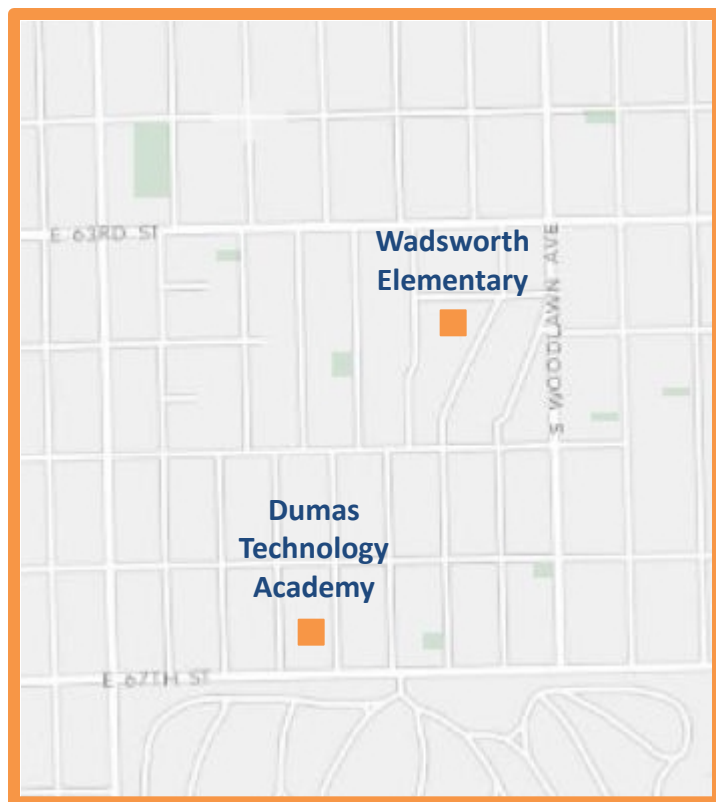

As Chief Executive Officer of the Chicago Public Schools (CPS), Barbara Byrd-Bennett is committed to ensuring that every child in every neighborhood receives a high-quality education that prepares them to succeed in college, career, and life. Right now, the reality is that too many of our children are being cheated of the quality education they deserve because they are trapped in underresourced and underutilized schools. Rather than fund half-empty buildings that are costly to maintain and repair, the District will redirect those funds for investments that parents, CTU and CPS agree children need to thrive, such as, air conditioning, a library, counseling and social work supports and technology and science upgrades.

***CPS proposes closing Dumas Tech. Academy and welcoming those students at Wadsworth Elementary. Wadsworth Elementary will relocate to the current Dumas building.***

#### **Dumas Technology Academy**

***Why CPS recommends to close this school:***

- Enrollment has declined 37% over the last 10 years (528 to 331)
- Building is just over one-third full

#### **Wadsworth Elementary**

***As a welcoming school, Wadsworth will offer:***

- A higher performing school
- A new STEM program
- A PreK program
- A school safety plan to provide a smooth and safe transition for all students

***Wadsworth will be relocated to the Dumas building, which will offer:***

- New engineering and media labs
- Full air conditioning
- Upgraded computer lab
- A building that has received \$4.6 million in recent facility investment including ADA accessibility upgrades

CPS has heard your concerns and after a thoughtful, rigorous engagement process, we have looked at every individual school and our decision incorporates the feedback we received from more than 20,000 of you – parents across the city and community members in every neighborhood. A series of supports will be provided so that our students have a safe and seamless transition to a higher performing academic environment at their welcoming school in fall 2013. Please call **311, City Services**, with questions or visit [cps.edu/qualityschools](http://cps.edu/qualityschools).
