In RE: Addendum to Report on Proposal
to Close
Miriam Canter Middle School

Hearing Officer Gilbert J. Grossi files the following addendum to his report on the proposal to close Miriam Canter Middle School:

Summary of Alderman Burns testimony at the public hearing of 4/17/2013;

Alderman Burns advocates allowing Canter to remain open to allow current 7th grade Canter students to graduate. there. He also felt that Shoesmith Elementary School should be given more time to prepare to accept 7th and 8th grade students. The statement in the original report stating that CPS had violated policy by not notifying Shoesmith school was attributed to Ald.. Burns in error. That statement was made at the public hearing , but not by Ald. Burns.

Respectfully submitted,

By: Gilbert J. Grossi
Hearing Officer
